**COURSE DESCRIPTION:**

This course is taught by Dr. Carl Baugh who has studied creation evidences for a life time. He has lead and participated in several archeological digs. His knowledge and experience make him one of today's most sought after speakers. He has been on television and has lectured at universities and Bible colleges all over America. In this course he is present evidences supporting the belief that God literally created the heavens and the earth.

**COURSE GOALS: Upon completion of the course the student will be able to:**

1. To have a better understanding of the Biblical view of the creation of the heavens and earth.
2. To understand the false views of evolution in light of Bible teachings.
3. To have knowledge of the biblical explanation of our worlds existence.
4. To be able to read your Bible literally and to understand that modern science does not refute the Bible or prove evolution.
5. To know the counter arguments to the false views of the evolutionary critics of biblical creation.

**COURSE REQUIREMENTS:**

1. Personal responses submitted weekly verifying you have attended the class/lecture.
2. Personal responses to the instructors questions via email.
3. Read an approved textbook or assigned text and prepare a three page report to be submitted by email.
4. Each student must prepare a 5-page (2000 word) research paper from an approved list of subjects presented by the instructor to be turned in prior to taking the final exam at the end of the semester.
5. Any student who tours Dr. Baugh's Creation Evidences Museum may submit a journal of the trip in place of the book report.
